Semillon
2016
92
points

“The palate has vibrant acidity

and great length, it makes you salivate, because you have to guide yourself by the feeling in the mouth, as the nose is still very closed and undeveloped. It's fresh, linear, with great freshness - a baby, with a long life ahead. I'd have to taste it next

to the older vintages, but in my memory this might be the finest year to date.”
